May 19, 2020

Dear Parents of Grade 12 Students,

Graduation celebrations are the culmination of many years of school and are viewed as a once in a lifetime event. Therefore, as a school district, we fully support our high schools as they plan for this important milestone in the lives of their students.

To this end, the following guidelines will apply:

- Graduations will be scheduled during the month of June and will be expected to abide by all health measures in place at that time. Schools should not attempt to postpone, or delay, a graduation ceremony in hopes of reaching a less restrictive recovery phase for the province.
- Criteria to allow for the effective planning for graduations, in the present COVID-19 environment, will be given to all schools. **These guidelines assume that the province will be in the yellow phase of recovery by June. During the yellow phase of recovery, groups of up to 50 people will be permitted.**

However, it is important to note that if the province remains in the orange phase, the maximum group size of 10 people must be respected.

- Schools will be required to develop a plan prior to the graduation event and submit it to the Director of Schools for approval.
- Parents are asked to check your school's social media platform(s) for further details.

We wish you and your son/daughter all the best during the upcoming graduation ceremonies.

Thank you in advance for your understanding during this most unprecedented time.

Sincerely,

Mark Donovan
Superintendent
Anglophone School District - North
